

WE ARE ALL IN THIS TOGETHER

Facket Cares

*Educating and supporting the emotional,
social and mental health needs of the
Three Rivers School district with
thoughtful programing and accessible
resources.*

Jacket Cares is a district wide initiative to meet the needs of all students and families in our Three Rivers Community by providing direct support and resources.

Who is on the *Jacket Cares* Team?

Counselors, administrators, school psychologists, nursing staff, and teachers work together to create and distribute resources that our students and families need to be successful.

With intentional thought and purpose, the Jacket Cares Team takes into consideration the social, emotional, and physical needs of our students. We partner with local organizations to provide direct resources.

Jacket Cares is available to every student and teacher in the Three Rivers District. Funds may be used for anything that directly impacts the social and emotional health of students and staff. Examples of this include...

- **Crisis Intervention Response Team**- In response to a traumatic event experienced by a Three Rivers family such as loss of a parent or student.
 - Flowers or gifts sent by the district to the family.
 - Clothing for students who need to attend a funeral.
 - Gift cards to the family to provide assistance during a crisis.
- **Basic Needs Resources**
 - Winter Clothing for students
 - Back to School Supplies
 - Toiletries, Food, Gas Cards

The Why?

We need more.

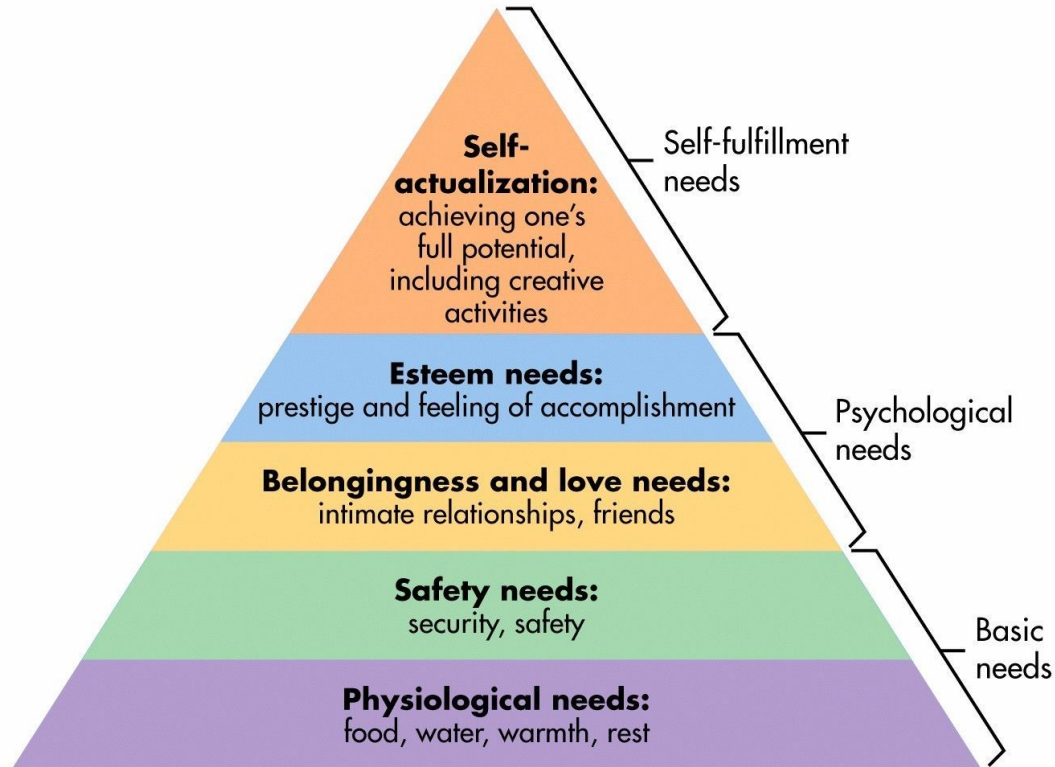

We have seen an undeniable rise in depression, anxiety, & social challenges. We continually are seeing the repercussions of the past 2 years and how it has affected students and families.

We want to work together to have accessible resources and programs available to to our community of students that will help us all heal and grow together.

“Helping one student with basic needs can change the entire classroom. A hungry child can be a disruption to many because they cannot focus on what is important if they do not have their basic needs met. By helping that one need, the rest of the community will benefit.” Adam Biedenbach
